

GOVERNMENT OF THE DISTRICT OF COLUMBIA
BOARD OF ZONING ADJUSTMENT

Application No. 16639 of Larry Origlio, pursuant to 11 DCMR 3103.2 for a variance from the requirements of Subsection 2001.3(a), (b) and (c) to allow an enlargement on an existing non-conforming structure and under Section 3104.1 for a special exception to allow a non-conforming rear yard and width of an open court under Subsection 223.1 for a proposed deck addition for a single-family dwelling in the R-5-B District at premises 1927 Biltmore Street, N.W. (Square 2546, Lot 82).

HEARING DATE: January 2, 2001

DECISION DATE: February 6, 2001 (Bench Decision)

SUMMARY ORDER

This application is accompanied by a memorandum from the Zoning Administrator certifying the required relief.

The Board provided proper and timely notice of the public hearing on this application by publication in the D.C. Register, by mail to Advisory Neighborhood Commission (ANC) 1C and to owners of property within 200 feet of the site.

The site of this application is located within the jurisdiction of ANC 1C. ANC 1C, which is automatically a party to this application, did not submit a written statement.

As directed by 11 DCMR 3119.2, the Board has required the applicant to satisfy the burden of proving the elements which are necessary to establish the case for a variance and special exception from the strict application of the requirements of 11 DCMR Sections 3103.2 and 3104.1. No person or entity appearing as a party to this case testified in opposition to the application. Accordingly, a decision by the Board to grant this application would not be adverse to any party.

Based upon the record before the Board, the Board concludes that the applicant has met the burden of proof, pursuant to 11 DCMR 3103.2, that there exists an exceptional or extraordinary situation or condition related to the property which creates a practical difficulty for the owner in complying with the Zoning Regulations, and that the requested relief can be granted without substantial detriment to the public good and without substantially impairing the intent, purpose, and integrity of the zone plan as embodied in the Zoning Regulations and Map. The Board also concludes that the applicant has met the burden of proof, pursuant to 11 DCMR 3104.1, that the requested relief can be granted as being in harmony with the general purpose and intent of the Zoning Regulations and Map. The Board further concludes that granting the

requested relief will not tend to affect adversely the use of neighboring property in accordance with the Zoning Regulations and Map. It is therefore **ORDERED** that the application be **GRANTED, SUBJECT** to the following **CONDITION**:

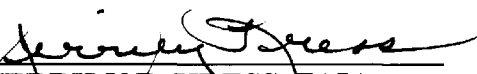

The Applicant shall submit modified plans providing an alley elevation of the deck of no greater than 14 feet above grade to the top of the parapet railing.

Pursuant to 11 DCMR 3101.6, the Board has determined to waive the requirement of 11 DCMR 3125.3 that findings of fact and conclusions of law accompany the order of the Board. The waiver will not prejudice the rights of any party, and is appropriate in this case.

VOTE: 3-0 (John Parsons, Robert Sockwell and Sheila Cross Reid to approve).
